Here, the visitor is introduced to the latest trends in interior decoration for 2016, he'll discover the latest creations of Belgium's top designers, shops for Christmas gifts and, new this year, is able to create his own 'mood board'! Each year nearly 75,000 people visit the 30,000 sqm. This year, the fair focusses on 'interactivity' with the "DecoLab" being the eye catcher.
